

1. **EME04** is designed as a place where creative work is carried out in a communicative artistic environment, for all those who bring with them an urge to see. We are not in favour of isolated individualism, nor of pursuing originality as a goal in itself.

 ART IS OUR UNIVERSAL HERITAGE

2. **EME04** provides a space that aims to be a place for meetings and for coexistence, offering a suggestion of friendship bound by artistic contemplation, and promoting a diversity that is to be both admired and respected.

We reject falsehood and ideological manipulation.

Every work of art is an expression of artists' own LYRICAL INTUITION AND PRACTICAL UNDERSTANDING, in a personal process capable of astonishing the artists themselves.

 EVERY WORK OF ART IS CONCEIVED IN A STATE OF ABSOLUTE LIBERTY, THE RESULT OF IDEAS THEMSELVES

3. The **EME04** team is oblivious to “fashion”, which is inevitably transient. The work of art “lasts” and as a child of its time, owing to its universal quality, it can always be viewed and understood in the present because it is a mark of an essentially human nature, that speaks of an inner world, of a unique vision of life, and is the fruit of man's own talents and creativity.

We disagree with artistic judgements dictated by trends and partisan interests.

 THE WORK OF ART IS A TIMELESS ENTITY

4. The **EME04** team aspires to put art within the reach of as many people as possible.

 We have training programmes to help express and absorb ART.

 We provide others with temporary access to our space so that they may exhibit their work.

 We endeavour to make purchasing artwork an attainable goal so that ART may form part of our surroundings.

 We encourage participation.
